

My Campus Connect

Educational Campus Administration Software

"MyCampusConnect" is a cloud based student information system.

Wave TechLine India Private Limited

We strongly believe that development of any sector in 21st century is possible only with the help of Information Technology.

It has been proved years and years that Education is the only sector of India which is having a massive contribution in making India a Developed Country from a strong competition of Developing Countries.

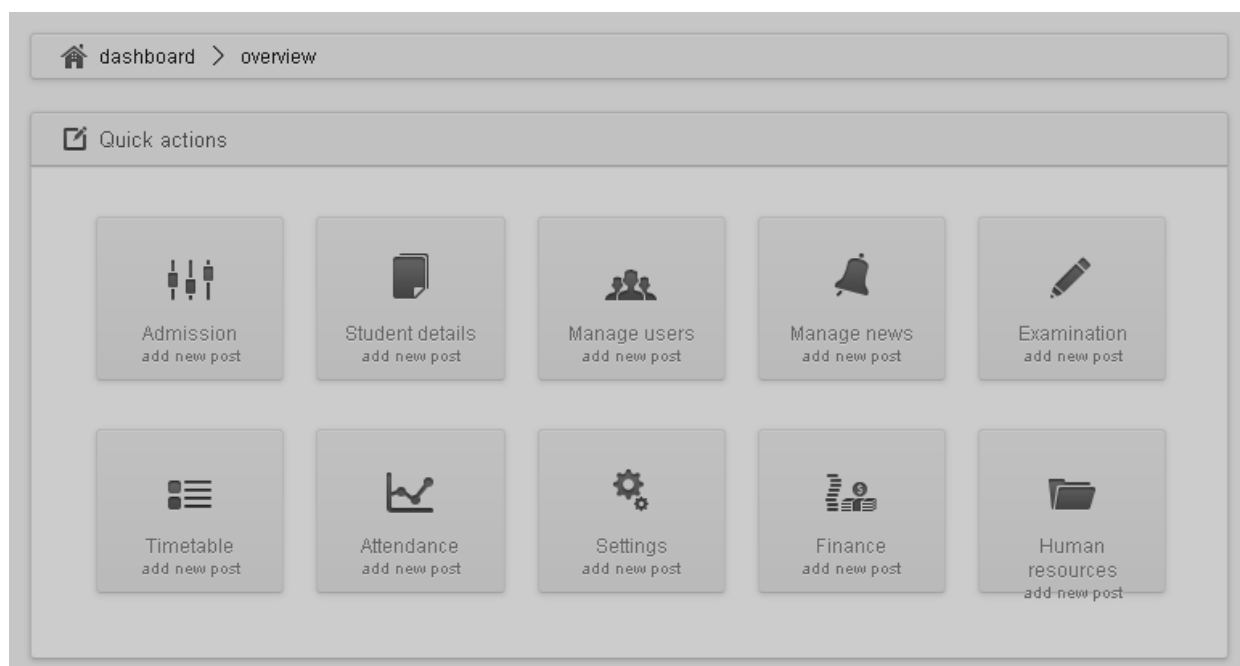

Hence to keep it going on more firmly we assume that the standards of School and College education to be raised effectively.

For this, a comparatively great management system is to be introduced in this sector which will change the face of this sector to an advanced sector of India's Developed Sectors.

As a tiny part of this revolution, we [“Wave TechLine India Pvt. Ltd.”](#) In association with [“Tenet Solutions Pvt. Ltd.”](#) Are introducing our smart innovation.....

“MyCampusConnect”
